Unknown, ND

Distance Nearest Occupied Building: 27 Feet

Release Contained: No

Type of Incident: Used motor oil illegally dumped

Description of Released Contaminant: Used motor oil

Volume Spilled: 1.50 gallons

Ag Related: No

EPA Extremely Hazardous Substance: Unknown

Reported to NRC: Unknown

Cause of Incident:

Someone spilled used motor oil in the curb gutter and then through the container (still mostly full of used motor oil) into the stormwater drain. The container current sits at the bottom of the stormwater drain leaking used motor oil.

Risk Evaluation:

None.

of Fatalities: 0

of Injuries: 0

Affected Medium: 02 - water

Potential Environmental Impacts:

About 1.5 gallons of used motor oil will likely end up in the river.

Action Taken or Planned:

Someone should go clean it up before it ends up in the river.

Agencies Involved:

Updates

Date: 8/10/2016 **Status:** Reviewed - Assigned to NDDoH Division **Author:** Grossman, Dallas

Updated Volume:

Notes:

Contacted Terry Halstengard with the City of Bismarck. The city had already received a report about the used oil spill. The city cleaned up the free product in the street and storm sewer manhole. The rest of the oil soaked into the concrete. An oil boom was placed at the bottom of the manhole to soak up any remaining free product and will be removed in the next few days.
